STC Winter Workshop: Reclaiming Our Public Schools

Come join us on Sat., February 11th from 9:00 am to 1:00 pm as the Sherburne-Earlville Teachers Association invites educators, parents, and community members, from across CNY, to discuss the new public education landscape. There will be time to network and share ways we can all work together to support our students, schools, and profession.

We are fortunate to have as our Keynote Speaker, Megan Moskop, Public Education advocate, MS Special Educator, and a social justice organizer in MORE (Movement of Rank & File Educators) Caucus. Megan will lead a discussion on the detail, immediacy, and importance of local base-building.

Free facilitated workshops will provide all in attendance a chance to share their personal experiences, including an opportunity to gain a deeper understanding of the educational issues we are confronting in our own classrooms, as well as across NYS, and our country. It is time to learn from each other, share strategies, and gain new perspectives as we empower ourselves and work together to reclaim our public schools.
